

Tell us your 2 greatest priorities for Newark transportation

(place a ● sticker by each of your top 2)

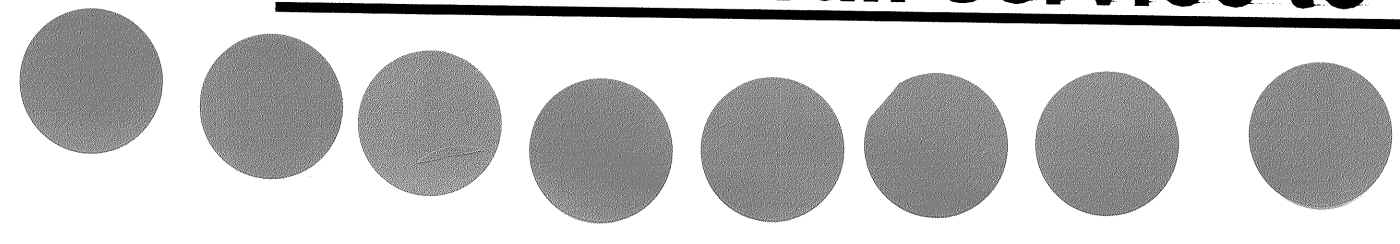

Reduce traffic congestion

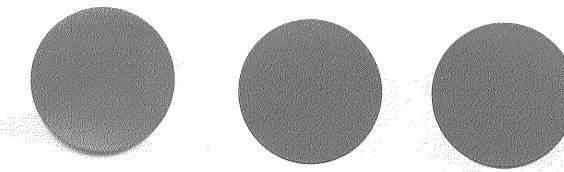

Traffic calming to slow speeding traffic

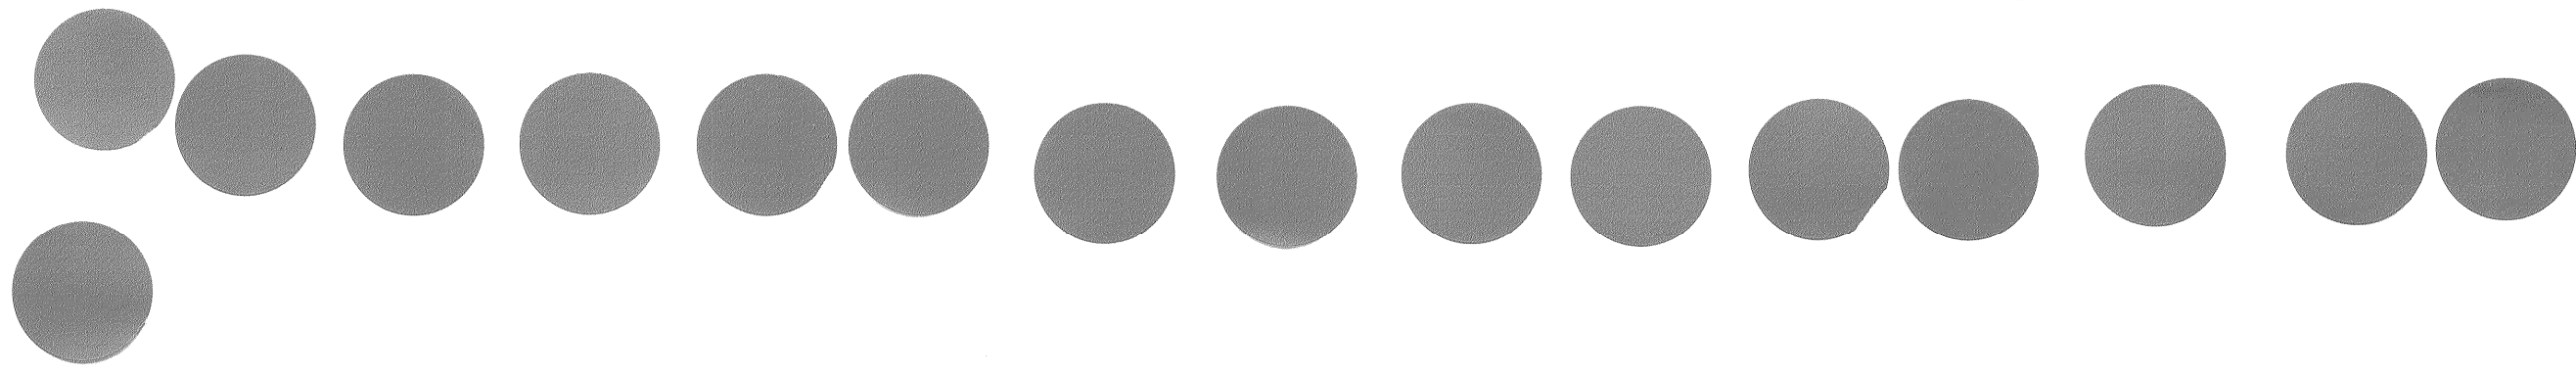

Commuter rail service to from Newark to Maryland

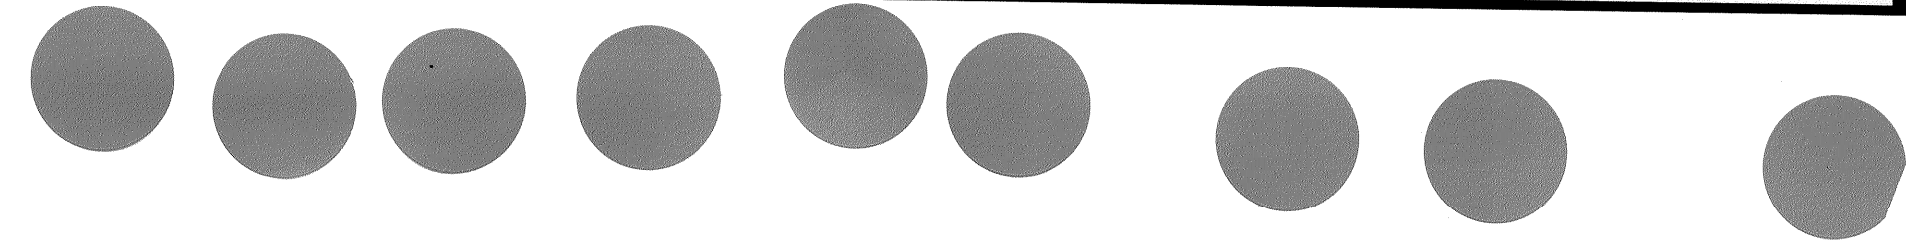

Improve pedestrian facilities and crosswalks

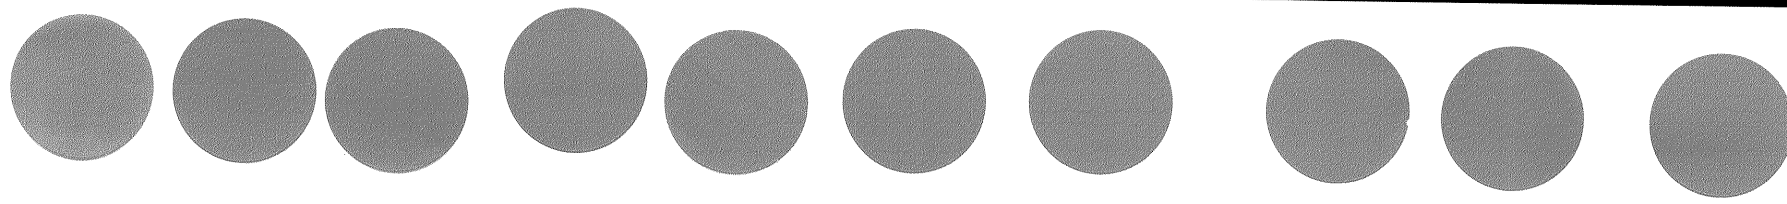

Improve on-road bicycle facilities

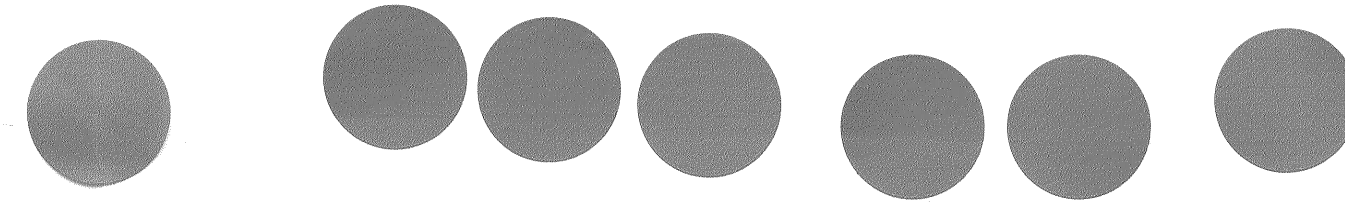

Expand off-road bicycle/pedestrian paths

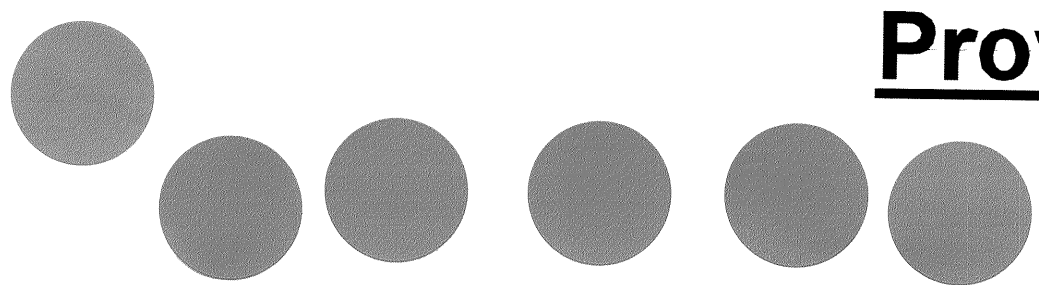

More efficient and reliable bus transportation

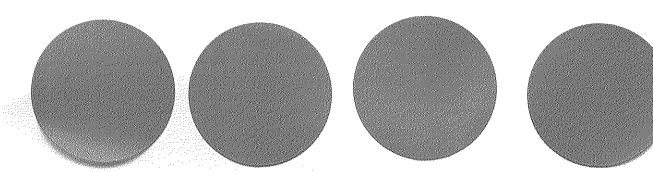

Improve traffic signal timing and coordination

Provide more parking downtown

Fewer trucks downtown

Stop Trucks on Delaware ave going to @College and short cut to avoid Toll

Other Lower number of cars in town - by having long term student parking at Carpenters -

- Have some kind of living fence (narrow) between bike lane & car lane
- Encourage car sharing -
- Electric buses (small ones)
- turn shopping areas (like one at end of Main St) that are now asphalt w/ 1 story buildings into a beautiful park, w/ parking on the perimeter. Makes the downtown more attractive & pedestrian friendly -

Other more signs for speed limit
slow down / yield signs
Fix the Rail Road Broken over Chapel St / Cleveland
