Impact/Benefit **Analysis of Truck** Access Improvements in the **Port of Wilmington** Area

March 2022

Project Details

- Evaluate and provide further analysis possible improvements in and around the Port of Wilmington area from SR 9 Corridor Master Plan and other plans/studies
- Serve as the technical analysis to analyze these ideas with a land use and transportation model-based approach.
- Capture "what-if" scenarios for which improvement(s) work best from the possible ideas
- Provide cost estimates for these recommended improvements short/long term and low/high-cost options
- Determine feasibility of options and develop recommendations

THE ROUTE 9 CORRIDOR and Use and Transportation Plan

Work Plan

Alternatives Studied

TRAFFIC OPERATIONAL ANALYSIS

The traffic operational analysis was performed using Synchro 10 traffic analysis software. Six scenarios were analyzed as follows:

- 1. Existing Conditions to serve as the basis for comparison of the benefits of the alternatives.
- 2. Alternative 1 Pigeon Point Option 1.
- 3. Alternative 2 Pigeon Point Option 2.
- 4. Alternative 3 Pyles Lane Extension.
- 5. Alternative 4 Garasches Lane.
- 6. Alternative 5 Sign and Reroute All Port I-295 Traffic signed to I-495.

MEASURES OF EFFECTIVENESS & BENEFITS

- 1. Bidirectional Travel Time on New Castle Avenue from D Street to Cherry Lane.
- 2. A.M. and P.M. peak hour Intersection Level of Service (LOS) for all applicable intersections on New Castle Avenue, Terminal Avenue, and Heald Street (US13).
- 3. Truck Reduction at intersections on New Castle Avenue and on Terminal Avenue west of the I-495 ramps.
- 4. Fuel consumption reduction on New Castle Avenue from D Street to Cherry Lane.

The MOE obtained for each alternative was compared to the existing conditions MOE to assess the benefits/disbenefits of each.

Annual Travel Time & Fuel Consumption Reduction for Weekday AM and PM Peak Hours*

Alternative	Annual Travel Time Reduction on New Castle Ave. (Hours)	Benefit Score (5 max.)	Annual Fuel on New Castle Ave. (Gallons)	Benefit Score (5 max.)
Alternative 1 Pigeon Pt. Option 1	1,820	2.33	3,640	2.92
Alternative 1 Pigeon Pt. Option 1	1,820	2.33	3,640	2.92
Alternative 3 Pyles Lane	780	1.00	1,560	1.25
Alternative 4 Garashes Ln.	2,860	3.67	4,420	3.54
Alternative 5	3,900	5.00	6,240	5.00

*New Castle Avenue measured from D Street to Cherry Lane. Includes all vehicles
