# Public Meeting

**Tuesday, April 17**

6:30 p.m.

Port Deposit Presbyterian Church  
44 South Main St., Port Deposit

We invite you to a Public Meeting to shape the future of transportation in Port Deposit. The concerns and ideas you express will be the basis for identifying potential public transit services and other transportation improvements.

The Town of Port Deposit and the Wilmington Area Planning Council (WILMAPCO) invite all interested residents and property and business owners to participate. WILMAPCO-- the regional transportation planning agency for Cecil County and New Castle County, DE-- is made up of Cecil County, municipalities, and the Maryland Department of Transportation.

### **For information:**

302.737.6205 or toll free from Cecil County 888.808.7088  
[www.wilmapco.org/portdeposit](http://www.wilmapco.org/portdeposit)

**Note:** Our host, **Port Deposit Presbyterian Church**, invites participants to attend a free community dinner at 5 p.m. before the Public Meeting.

# Port Deposit Transit Feasibility Study

**Tuesday April 17**

**6:30 p.m., Port Deposit Presbyterian Church**

The Town of Port Deposit and WILMAPCO are conducting a study to identify the feasibility and community interest for extending public transit service to the community of Port Deposit. The study will also identify potential improvements for walking and bicycling in and around Port Deposit and guide the development of the Cecil County Bicycle Plan.

**Tell us what transportation  
can make Port Deposit  
a better place to live, work & visit.**

The Port Deposit Transit Feasibility and Multimodal Transportation Plan will support the transportation goal in the town's comprehensive plan: "provide for the safe and efficient movement of people and goods that promotes walkability and use of non-motorized forms of transportation." Though surveys, public meetings, and an advisory committee WILMAPCO would like to listen to your concerns and ideas so that we can develop a plan that includes your top priorities. Potential transportation services and improvements might be public bus routes, sidewalks, bicycle routes, greenways and safety projects.

### **How to get involved:**

- ✓ Mail or return to the Town Hall the enclosed survey or fill it out on the project website
- ✓ Attend the public workshop on April 17
- ✓ Visit [www.wilmapco.org/portdeposit](http://www.wilmapco.org/portdeposit) to learn more
- ✓ Invite WILMAPCO to make a presentation to your group
