

**Red Clay Valley Scenic Byway Design Standards Overlay**  
**Advisory Committee Meeting #2**  
**Thursday, April 23, 2015, 9:30 a.m., Ashland Nature Center**

***Red Clay Valley Scenic Byway***

CMP Vision Statement: "To ensure the preservation and conservation of the irreplaceable resources that together form the Red Clay Valley and its Scenic Byway."

CMP Mission Statement: "To support enhancement and restoration efforts, where needed, to continually improve the values of the Byway's identified scenic, natural and historic qualities."

CMP Goals speak to conserving intrinsic qualities; encouraging context sensitive design that respects the scale and character of surroundings and minimizes change to intrinsic qualities; balancing transportation and safety needs in a manner that respects intrinsic qualities; and protecting resources, while recognizing the needs and interests of stakeholders, landowners, organizations and businesses.

Guiding Principle: Protect and enhance the Intrinsic Qualities of the Byway.
