

Existing Conditions - Transit

Comments

- Currently, there are no bus routes serving the entire SR 141 Corridor
- Historically, SR 141 had a bus route (Route 26, subsequently renamed Route 31) but it was dropped by DART due to low ridership in the early 2000's
- The largest number of boardings and alightings occur at major business centers (Barley Mill Plaza, the A.I. duPont Hospital campus, and Astra Zeneca)
