Air Quality

Traffic Management

SAFETY ALERT

We now have a NEW load/unload zone with new signs to explain the hours. It is on the west side of the school.

When you need to drop off or pick up your students Please go around to 26th.

This area on 26th, from 80th down to the fire hydrant is now a load/unload zone. IT IS A NO PARKING ZONE.

You are currently in the BUS ZONE !

There is to be no student drop off or pick up in this area!

It has become more and more difficult for the bus drivers to make the turn from 80th onto 25th due to the congestion caused by "drop offs" and "pick ups". Please try out our new load/unload zone.

Thanks,
The Safety Committee
