The Delaware Department of Transportation (DeIDOT) invites the public to attend a public presentation to receive information about the design for pedestrian improvements in Ardentown at the intersection of Sconset Road and Harvey Road. This intersection connects the school to the Ardentown neighborhood. The proposed safety improvements will be the focus of the April 18th public workshop. Interested members of the public are invited to attend.

The purpose of the presentation is to provide an opportunity for the public to review and discuss the plan for the proposed improvements and provide input prior to the project submission to DeIDOT for design funding. Attendees will have an opportunity to review display materials and provide comments to DeIDOT representatives.

Interested persons are invited to express their views in writing, giving reasons for support of or in opposition to the proposed project. Comments will be received during the workshop or can be mailed to DeIDOT Community Relations, P.O. Box 778, Dover, DE 19903 or sent via email to dotpr@state.de.us.

This location is accessible to persons having disabilities. Any person having special needs or requiring special aid, such as an interpreter, is requested to contact DeIDOT by phone or mail a week in advance.
