- *Call to arrange a presentation to your civic association or interested organization*
- *Review the documents at our office Monday—Friday, 8:30 a.m.—4:30 p.m.*

WILMAPCO and DeIDOT seek your input about transportation projects proposed for the next four years. The Draft FY 2011-2014 Transportation Improvement Program (TIP) contains federally funded transportation projects for New Castle County, Delaware and Cecil County, Maryland.

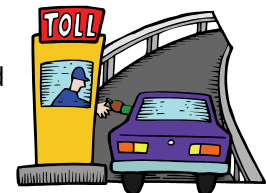

A public meeting will be held on February 22 to discuss the upcoming transportation projects under consideration. The Open House will invite your comments on projects proposed for the FY 2011-14 TIP

The TIP contains the agreed upon list of specific priority projects. The TIP lists all projects for which federal funds are anticipated, along with non-federally funded projects that are regionally significant.

Projects include multimodal, highway, transit, bicycle, pedestrian, and freight facilities and work to preservation existing infrastructure, as well as improvements and expansions.

The TIP shows anticipated schedule and cost for each project phase for a 4-year period and is updated annually.
