

Community Workshop – May 15, 2019

Welcome to the **East 7th Street Peninsula Community Workshop**.

Purpose and Need

The primary purpose of this study is to maximize future growth potential and viability of the East 7th Street Peninsula through recommended modifications to stormwater management, land-use, and transportation network operations while mitigating flood impacts, enhancing recreational amenities and preserving the culturally and historically significant landmarks on the peninsula.

East 7th Street @ Kalmar Nyckel

Industrial Street - Heading East

Thank You!

Thank you for taking time to participate in tonight's community workshop.

Written comment forms are available. Please leave the form in the comment box or mail/email it to WILMAPCO. Your comments are important to us and will be considered along with comments from government and regulatory agencies. Safety and operational requirements will also be taken into account. Therefore, while all comments are considered, all comments may not be incorporated into the project.
